L. F. Maggs Heads Strathmore Trade Board

L. F. Maggs was elected to head a provisional executive to organize a Board of Trade locally at a meeting held in the Memorial Hall on Wednesday evening. About eighty interested citizens turned out to the meeting, which decided to organize after hearing four representatives of the Calgary Board of Trade discuss the merits and benefits.

Mayor Patrick opened the meeting, after a delicious supper served by the Strathmore Cafe, and asked members from Calgary to outline advantages of such an organization. Mr. Eric McGreer, secretary of the city group, Mr. Angus McKinnon, chairman of the agricultural section of the Calgary Board of Trade, Mr. Lew Hutchings and Mr. Earl Robertson all spoke on the worthwhileness of such a group in the community.

A show of hands called for by the mayor showed that the meeting was in favor of organizing, so executive members were nominated. Heading the group is L. F. Maggs, president, while vice presidents are Messrs. Leonard Hilton, Norman Scheer, and K. A. Baldwin, secretary-treasurer. C. M. MacLean.

Membership fees were set at one dollar.

FARMER'S COLUMN

by R. J. Milligan, District Agriculturist

I read of a woman who committed suicide, being despondent over her cattle losses, and again of another man shooting his animals rather than see them suffer. Many readers of this column are also worried about the feed situation. So am I.

Money in the bank cannot always buy feed when it is needed. My worry is, how to advise farmers to prepare for similar emergencies in the future in a short space of time. We all know the old time solution is to plant more tame hay fields to provide feed requirements. That takes several years to get maximum returns. The next best thing is to suggest green-feed. I would suggest that it be sown early in the spring so that harvest can be done before the winter harvest is upon us. From three to seven tons of green feed per acre can usually be harvested.

Perhaps many farmers will feel like selling off their cattle after this tough winter. If too many of you get the same idea, cattle prices will decline. When planting your green feed, why not seed from twenty to forty acres more than is needed... fence it, and use it as summer pasture? We all know the value of cover crops and the rapid and economical gains that can be made when animals are fed on them. The same gains can be expected from cereal pasture.

When grain prices drop to low levels, many farmers buy cattle to supplement their reduced income. Such ventures do not always turn out to be profitable. Good summer pasture, or very little, is available for cattle on grain farms. By seeding a cereal, preferably Oats for pasture, this difficulty is overcome. Again, this practice takes land out of cereal production, thus creating a more stable grain situation.

Hay in the stack is better than money in the bank when we strike winters like the last two. Cattle can eat hay and if it is on the farm or ranch, the difficulty is overcome. Cattle can be brought together. That beats hauling hay over bad roads,

Small Group at Irrigation Meeting

The W.I.D. Annual Meeting was held in the Legion Hall on Saturday, but because of bad roads the attendance was small.

Mr. Walter Hixon was chosen Chairman and Mr. Ray Ferguson was chosen secretary of the meeting.

Mr. J. A. MacArthur reported that at the end of the year the District had \$285,000.00 (par value) Dominion and Provincial bonds and that the revenue received in 1947 exceeded the expenditures for administration, Maintenance and Operation by \$8,857.46.

Mr. George Boyack, trustee for Division No. 4, said that the District is on a good sound financial basis.

Mr. P. M. Sauder reported that \$15,000.00 had been expended on rehabilitation work in 1947 and that this work was nearly completed. He predicts a further increase in revenue, and that the District will be sufficient to meet all expenditures including rehabilitation.

Mr. Ed Boske, who had been nominated as a candidate for trustee to represent Electoral Division No. 4, withdrew his name which left only one candidate for each Electoral Division.

Mr. MacArthur was elected for Electoral Division No. 1, Mr. John Christensen for E. D. No. 2 and Mr. George Boyack for E. D. No. 4. Mr. James Harwood and Mr. Emil Cammeract each have another year on the Board to represent Electoral Divisions Nos. 2 and 5.

CLUNY NOTES

by Mrs. G.W.B.

Mr. Ben Reimche arrived home Saturday night after spending a week in Medicine Hat taking treatments from Dr. Marsh.

Mrs. Fairbourn and Mrs. Imman were hostesses Saturday night at the club room for W. L. bridge. 5 tables played, the high score going to Mrs. Lyn Gordon.

Mrs. E. Watson spent last Thursday in Calgary.

Miss Barbara Haymond, who is a student at Mr. Royal College, spent the weekend at home.

Mr. G. W. Beattie spent a couple of days in Calgary last week on business.

For safety, in the western, more favored part of this province, cattle and sheep producers should plan to have feed for two years on hand each fall. In the drier eastern area, they would plan to have feed on hand for three years. Then when abnormal years of drought or hard winters occur, the reserves may be reduced but there will be no need to build them up again, or reduce livestock holdings at desirable seasons of the year.

Moisture prospects are good. Why not plan to plant a permanent pasture and hay field this year? Do it early before the hot weather comes in July. I will advise you on mites and successful practices if you call or write my office.

Lady Curlers End Year With Banquet

The Ladies' Curling Club brought their season to an end Monday evening when fifty ladies sat down to a tasty banquet in the Memorial Hall, catered to by the Strathmore Cafe.

The tables were attractively decorated in green and white with numerous bouquets of daffodils and pussywillows which added a touch of spring to the gathering even if there was none outside. The place cards were made to represent small brooms and curling rocks. At the head table much merriment was caused by the studying of a miniature sheet of curling ice, complete in every detail of a tied game coming home with only two rocks left to play. The players were miniature to represent the personnel of the Jones and Hughes rinks. At the two high rinks for the season's draw. The decorations throughout were made by Mrs. G. E. Baldwin and Mrs. Jessie Kennedy.

Community singing which was conducted by Mrs. Alice Polley with Jean Garrett at the piano, followed the banquet while the tables were being cleared. Following this Mrs. Margaret Chase, Vice president, presented the prizes from a decorative card-lit table to the following rinks:

1st Prize—(Strathmore Motors Trophies) Mickey Jones (Skip), Dolly Korek, Nora Groux, Phyllis Gray.

2nd Prize—(Miniature Marble Bird Bells) Edna Hughes (Skip), Gladys Crellin, Gladys Hinrichs, Mrs. Teare.

Consolation—(Miniature Curling Rocks) Gladys Hutchings, Jane Biscare, Hazel Lohmann, Peggy Skile.

Following the presentations a business meeting was held. Mrs. Mickey Jones, president, in a most gracious manner, thanked all the members for their co-operation throughout the year and especially the other members of the executive and the committees with their contributions, Lucy Welsheimer and Edna Hughes.

A review of the very successful season of the Club was given by secretary treasurer, Mrs. Jessie Kennedy.

Ardenode News

by H. S.

Mrs. George Dawson spent the week-end visiting in Calgary.

Mr. and Mrs. C. O. Dawson spent Saturday visiting in Calgary.

Mrs. and Mrs. Alfred Frieze and family of Dulyness were in Sunday visiting at the home of Mr. and Mrs. L. M. Wise.

Mrs. G. H. Godfrey and Warren were the Calgary visitors several days of last week.

Mrs. E. Olson and Larry spent last Saturday in the big city.

Mrs. T. Owens of Calgary is a guest of Mr. and Mrs. Cliff Dawson for several days.

Mrs. A. E. Calgary is spending several weeks at the home of Mrs. H. Sharnan, before leaving for the East.

Mrs. Mrs. Cliff Dawson were Calgary visitors Saturday last.

Winter is still with us, the roads are practically impassable again after Sunday's two hour blizzard. The school bus once again had to stay put. We saw our first Robin one day last week, but I think even "he" took the first bus out of here and who could blame him, the 15th day of April and still asking for the snow! We saw it that said, "All these things shall pass away!" But we say will winter ever pass away?

Mr. P. E. Sarsons was not feeling any too good last week. We sincerely hope it is nothing serious.

Wm Palmer Pioneer at Crowfoot Passes

Mr. Wm. Palmer, one of the last pioneers of the Cluny district passed away in the Bassano hospital on Sunday, April 11th, on his 72nd birthday. Mr. Palmer was born in

Somerset, England, coming to the Crowfoot district as a young man, and later moving, with his family, to Cluny. For the past several years he was employed as engineer at the Old Sun school in Gleichen, retiring two or three years ago. Since then he has made his home with his daughter, Mrs. James of Cluny.

His wife passed away in 1931. He is survived by five daughters, Mrs. W. James, Mrs. Warren Gordon, Mrs. Armand Corbiell, Mrs. R. Goldsmith, all of Cluny and Mrs. Holverson of Vancouver.

Funeral services were held in Calgary on Wednesday from Leyden's Funeral Home, with the Rev. D. A. Ford of Strathmore officiating. Graveside services were conducted by the Masonic Lodge, of which Mr. Palmer was a member. Interment was in Burnside Cemetery.

The regular meeting of the Board of Trade was held Monday, April 13th in the club room. Their activities have been considerably curtailed this winter on account of road conditions, every dance being cancelled since the New Years Eve dance. However, they are hoping for favorable conditions for the regular May dance.

Plan Drive to Promote Golf Course

It was agreed to conduct a drive for financial support to get the golf course under way for the season at a meeting of the golf club held in the Town Hall on Monday evening. Businesses in the town, that are expected to benefit directly from the operation of the course, will be asked to give sufficient support to enable the club to undertake the repairs necessary to making the course playable this year.

A financial committee was named, with Messrs J. Bremner, T. S. Hughes, and R. Donovan acting as members. Grounds and maintenance men named were H. C. Wilson, J. Buchner, and L. R. Jones.

Acting in the absence of the president, vice president L. R. Jones was in the chair for the meeting, which was smaller than was hoped, owing to the road conditions. Considerable discussion was given the matter of equipment, greens, mowing and hay cutting.

Fees were set at \$10.00 for men, \$5.00 for ladies, with a rate of \$2.00 if a club is formed.

Kennedy. The report showed that approximately \$2300 had been handled during the season. Of this amount \$100 had been given to the Men's Club through dues and net proceeds of the Lunch Counter toward the payment on the new rink, besides approximately \$200 being spent on rink improvement which included the purchase of kitchen necessities and four sets of rubber hocks for the ice.

During the season the Club also sponsored a three day, twenty-five hole bonspiel and attended bonspiels at Red Deer, Calgary, Gleichen and Letbridge. The secretary felt that through the writing of over one hundred letters, running a bonspiel, attending other bonspiels and the courtesy of the papers in printing daily accounts of the games etc., the Central and Southern part of the province had certainly been made aware of the fact that there is a Ladies' Curling Club in Strathmore. The president in closing the meeting expressed the hope that all present members would be at the opening meeting of the season next fall.

Dedication Service For Church Organ

Despite the severe wind and snow storm Sunday, a good number were present in United Church Sunday evening, when the Dedication Service of the New Organ and Choir Gowns was conducted by Rev. A. A. Hamilton.

An interesting resume of the development of music in church services was given by Mr. Hamilton previous to the Dedication. An interesting story of the authors of various hymns sung, and circumstances of their inspiration was given by Mrs. Polley.

Previous to the Dedication, the piano, with Miss Jean Garrett playing, was brought into service. It was unfortunate, when the inclement weather prevented many from attending.

Snow Buries Hussar Roads Are Forgotten

On Wednesday, a car load of baled hay arrived in Hussar, along with a bull dozer and snow plow, to take hay out to the ranch of Mr. Norman Edge, some twenty miles east and north of Hussar. The snow fall of last week had effectually blocked all roads again. The bull dozer started to plow its way through the drifts just north of the Village, pulling a half load of the bailed hay; but the drifts were almost too much for it. The operator had to back and try again repeatedly. Finally they left the load half a mile from the Village and broke out the road, returning for the load in the afternoon.

Mail was brought in by team and elated on Wednesday after missing two mail days. The long distance telephone lines were out of use for two days again.

The High School pupils, who had spent their holidays at home, were hard put to get back to Cluny; some going by plane when the weather cleared Tuesday; others going out by the train which was delayed a day clearing the road west of Hussar. The plane has been busy taking out passengers who arrive here from Bassano on Tuesday. Teachers of the surrounding districts were taken to their schools by plane.

The drifts are higher now than were earlier this winter; and there is no apparent sign of a let up. Many other farmers were in and took out half loads or a few bails of hay by sleds drawn by tractors, and a few by teams. Along the roads that have been dug out, the drifts are higher than the trucks.

EDITORIAL COMMENT

THE PLACE FOR A BOARD OF TRADE

Strathmore and district citizens will watch with interest the activities of the Board of Trade which it was decided to form on Wednesday evening. Many are frankly critical at the outset, and believe there is neither the place nor the need for a group of this kind in this town which seems so over-organized already. Some believe that it cannot do anything which presently established groups could not also do, and do just as well.

The fact remains, however, that there are many features which a group of this nature can undertake which no group presently feels inclined to do. The Town Council, which, it has been suggested, could accomplish everything of this kind, feels that it could only accomplish such measures by bumping the mill rate. Council has no other source of revenue amounting to anything. Any action they took along this line would naturally be unpopular all round.

Fears have been felt that this new body may undermine the Community Council. While we're not clairvoyant, we feel that, on the contrary, they may even find themselves mutually supporting. Certainly the Community Council can use a shot in the arm, and it won't much matter whether it comes from a Board of Trade, or elsewhere.

Criticism of the lack of support has been expressed by both chairman of the Community Council, and therein, we feel, lies the keynote of the whole situation. If the community is not prepared to support the Community Council, it will fall by the wayside. If they are not prepared to support the Board of Trade, it, too, will fall away.

The rule of survival of the fit applies just as mercilessly to organizations as to any other form of life, and if a group cannot produce a reason for continuing support, it will drop out of existence.

§ §

BOUQUETS TO THE CURLERS

The year's report for the Curling Club is printed in this issue of **The Standard**, and is a report of which the club and its officers may justly be proud.

It is much less than a year since the idea of a larger rink took shape, yet the club has a completed rink, an excellent year of operating to its credit, and a capital debt which has been reduced by forty percent. Any enterprise would be proud of such a record.

Not less encouraging is the report on the volunteer work done on the rink. The total hours involved are a tremendous amount, and reflect the interest of the men responsible. The total amount, nearly nineteen hundred hours, would have taken one workman, working a four hour week, almost forty seven weeks to complete.

We cannot help but comment on the work done by Mr. James Harwood and Mr. Wm. Woodliffe, who together put in almost a third of the total voluntary work. The effort of these two men has been an inspiration to the entire club.

We feel, too, that the executive deserves hearty commendation on their decision to publish the financial statement of the year's operating. There will undoubtedly be a large number of their own members who find it impossible to attend their annual meeting next Monday, and who will be interested in the position of the group. There are probably also many non players who will be interested in this service to the community and in thus learning of the method of operating the club. It is a proud record. Congratulations to the curler's executive.

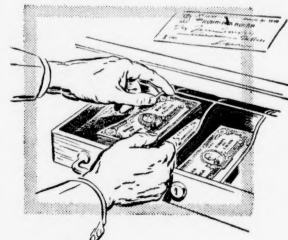

March of Time

The link of the small town paper with the world is a unique one. It is perhaps the strongest link with the world of his childhood which remains to many adults. Proof of this was forthcoming last week when we received a letter from an old resident and subscriber who had decided that he must cancel his subscription, temporarily at least. Just before the paper was due to run out we received another letter from him in which he said "I have changed my mind about the paper. You will find \$2.00 enclosed for the Express another year. This is the only link I have. My friends are not good at writing."

Needless to say we were pleased to renew the subscription. That is

what we are in business for. But there is an element of pathos in the letter. It is very true that old friends, even relatives, get less and less good at letter writing as the days go on. And as we get older and think, and have more time to think of the days when we lived in the old home town, there is a tendency to wonder, come spring, if the fish are main street in the bright March water is running down the sides of still biting in Hald's creek, if the sunlight, finding its way into the good old Grand river, and if the river is breaking up. There is conjecture about the annual events, the Horse Show and the Flower Show—big things in those days—there is welcome for the reports of the churches, with memories of Sunday School and summer mornings when church bells rang.

And nobody is likely to write letters about any of these things. Only the local paper goes on, week by week and year by year recording the march of time in the village. And the editor who gets fed up with the lack of anything new may be comforted as he thinks that all these things, so old and so uniform and sometimes so so deadily dull to him are bringing back the old days of youth and activity to many a subscriber who adds the home town paper to his long list of dailies for just that same old weekly recording which brings him, in today's account of village life, a breath of memory and a bond with those far gone days of his childhood, when the streets were the longest, the buildings the highest and the town sports team the mightiest in all this wide dominion.

Handling money

costs money

I It costs you more to live these days.

And it costs your bank more to provide efficient banking service.

Bank staffs are more than half as large again as before the war; payrolls have nearly doubled. Taxes are up. So is the cost of everything banks buy.

Yet you pay no more for banking service than you did ten years ago. Today 7,000,000 Canadians are bank customers—striking evidence of the ever-widening usefulness of competitive banking in our national life.

FARMING NEWS

Produced by the Alberta
Department of Agriculture

THE IMPORTANCE OF CROP SEQUENCE

Systematic cropping has so far been given only cursory attention by the prairie farmer. Frequently wheat follows wheat, oats, and barley, barley in steady sequence. This practice although acknowledged to be improvident husbandry is a product of the culture of prairie soils that were originally teeming with fertility.

Studies at the Dominion Experimental Farm, Brandon, says D. A. Brown, show that the need for carefully arranging the sequence of crops within a rotation is not primarily one of maintaining fertility although this requirement is recognized, but rather of contending with such crop hazards as weeds, drought, soil erosion, plant diseases and insect pests. After following a four-year rotation of fallow, wheat, what and oats at the Brandon Farm for 30 years the fields have been yielding threshed grain containing from eight to 15 per cent by weight of wild oats. Second crop wheat has been particularly dirty. Adjoining these fields is a crop sequence of fallow, wheat, hay, hay, wheat and oats that has also been in operation for 30 years. Dockage for wild oats in the grain crops has in recent years averaged only one-tenth of one per cent.

to be continued next week

COMING EVENTS

Owing to the road conditions it is realized there are yet many out-of-town generous donors who have not been able to give their usual contribution to the Red Cross drive. It would be appreciated if such would kindly leave their gift at Mr. Milligan's office or with Mr. Gannoa at Baldwin Motors or Mr. Bellinger Phoebe Patrick President Strathmore Red Cross.

LOCAL NEWS ITEMS

The Canadian Forestry Association's tree planting car will be in Strathmore on Tuesday April 20th, at the Canadian Pacific Railway Station. There will be a programme in the car that evening at 8 o'clock. During the day the school Pupils will see the programme, by arrangement with the school authorities. We're sorry to hear that Mrs. Hermanson was taken to the Holy Cross Hospital last Saturday. Mrs. Hermanson has been under the weather for some time, and we wish her speedy recovery.

Western Dept. Sold

Announcement was made early this week of the sale of the Western Department Store. Mr. Sam Libin, former owner, has disposed of his interests to Mr. Harry Brown, who comes from Kamusk, Saskatchewan.

Few businesses in town have been managed by their present owners for a longer period than the Western Department. Mr. Libin started early business in Strathmore twenty years ago, taking over what had been the old Gatenby and Fisher store, located where the Western Department now is.

For some time the business was operated in the premises across the street, now used by the Strathmore Bakery and Cafe. It was moved to its present location some years ago. Mr. Libin still retains his interest in the Shoprite Store in Gleichen.

COMBINATION OFFER AT A SPECIAL LOW PRICE

THIS

25 LBS. MARVELUBE No. 11 GREASE WITH ALEMITE HAND LEVER GUN
For its price, this little hand lever gun is a honey. It was developed during the war for greasing military vehicles in mobile warfare. Light to carry, yet it exerts enough pressure to force the grease through all moving parts. Can be used for all types of light-bodied, heavy-bodied or heavy greases.

OR THIS

25 LBS. MARVELUBE No. 11 GREASE WITH ALEMITE PRESSURE GUN

This pressure gun with flexible hose, which attaches to the top of the pail, in the ideal outfit for those who operate a lot of equipment. It is strongly constructed, yet is light enough to be carried anywhere. Saves time and keeps grease clean. Costs more than the hand-lever gun (above) but gives you high value for the money.

GREASE CUTS COST

It's an old but very true saying that "as long as grease is working out of a bearing, dust can't work in". Good lubricants of the proper grade, applied regularly, keep machines operating longer and at the same time reduce draft. Both of which help to cut costs. With either of the above outfits, you can keep all implements well lubricated, whether indoors or out in the fields.

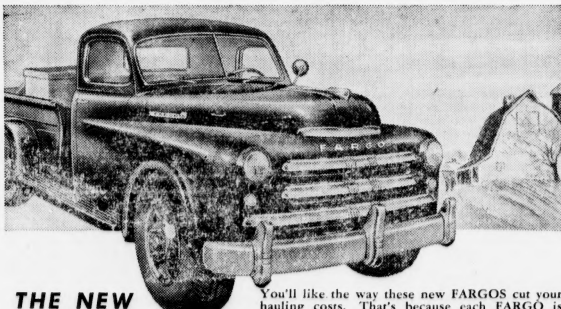

Marvelube No. 11 IS THE IDEAL FARM LUBRICANT

Marvelube No. 11 is bright, clear, water resistant, soft enough to be forced through fine channels, yet has enough body for full protection. It's the ideal grease for farm machines.

LANGDON NOTES

By G.E.W.

Seventeen brave women ventured out over treacherous roads last Wednesday afternoon, April 7th, to attend the regular meeting of the W. I.

After the usual business was dealt with, gifts to complete a food parcel were received, and approximately 25 pounds of soap. These parcels are to be packed and sent to a W.I. in England. Used clothing amounting to over 50 pounds was also collected this too will be sent to a W.I.

Mrs. Moe read an interesting report of the conference held in Lethbridge last month. This report was written by our District Constituent, Conventor, Mrs. Ed. Smith.

Mrs. Crilly read a letter from a member of a W. I. in Wales, telling of their meetings etc., this was much enjoyed.

Three short but interesting papers read by conventors: Home Economics—Mrs. Neglich; Agriculture and Home Industries—Mrs. Warrack; Social Services—Mrs. F. Dunn.

The program for the afternoon was a "Sing Song," with Betty Crilly at the piano. A cup of tea is always enjoyed, this together with a tasty lunch was served by the hostesses, Mrs. Handcock, Mrs. Jesse and Mrs. Kernaghan.

Roll Call "An Alberta Product" was read.

Shells Brander, young daughter of Mr. and Mrs. J. Brander, is making satisfactory progress after her recent illness.

We are very pleased to report that Ruth Bittle, young daughter of Mr. and Mrs. Dick Bittle, is making satisfactory progress after her recent operation for appendicitis. We hope she will be home sometime this week.

Kermet Moe is also a patient in a Calgary hospital where he is recovering from his recent operation for appendicitis, reports are he is coming along nicely and his many friends wish him a speedy recovery.

Weather and roads permitting, Home and School will hold a box social and picture show this Saturday evening.

Mrs. E. Kernaghan had as her guest for Easter week, her daughter Mrs. G. A. G. Hies, and two children, Prince and Donna, owing to the bad roads, they were unable to visit friends in the district.

Melvin was also home for Easter spending the holiday with his parents, Mr. and Mrs. D. G. Kernaghan. Jack Anderson has felt quite miserable for the last few days. He is bed with a bad cold. We hope it doesn't turn to "flu." Best wishes from your friends.

Mr. and Mrs. Bob Winters, of the London Corner, are the proud parents of a baby daughter. Mother and baby are both fine, and are home.

Mariann Watson reported for school today, after her bout with the flu germ since before Easter.

\$7,200,000 WIELD FROM ALBERTA'S FUEL TAX

Motorists are making increased contributions to the provincial government treasury, according to officials of the Alberta Motor Association.

In fact, it appears that this is about the biggest revenue producing field, even showing signs of displacing liquor profits at the top of the list.

For the fiscal year ended March 31, last, it is estimated that net revenue from the gasoline or fuel oil tax reached approximately \$7,200,000. In the nine months period ended Dec. 31, last, this revenue amounted to \$6,069,129.

The greatly increased revenue from this source is due to the gasoline tax having been increased from seven to nine cents per gallon. The government has given assurance that at least two cents per gallon would be earmarked for hard surfacing the main highways.

Also there has been a marked gain in the volume of gasoline sold. The total for the nine months ended December last, was 147,279,435 gallons and it was believed that an additional 22,000,000 gallons were sold in the three months ended March 31, last.

There is a good market for used articles.

Human Interest Stories

by

Douglas W. Smith

Public Relations Officer, Canadian Legion, BELS

"P-hay B-a-t-t!" yelled the umpire and the kids of the Legion Pee Wee Softball League yipped it up across the diamond.

I watched with interest as the citizens of tomorrow prepared to go into action. However, there was a hitch. They couldn't start. Where was Jimmy the star pitcher?"

"Ah, he's over on the other lot, pitchin' for Joe's team," one of the kids shouted.

A few of us went over to see Jim-

my. When he saw us he started away.

"What's the matter, kid?" I said. "Don't you want to play ball with our gang?"

"Jimmy" shuffled his feet and muttered something. Up piped one lad. "Why doncha tell the man the truth? Why doncha tell him that you're getting two bits for playing for Joe's team, the dirty stinker?"

Just then a greasy individual butted in. He wasn't the best type of citizen. It seemed he owned a clothing store and he was sponsoring the kids. A noble deed. But they had to wear a sweater advertising his store. Also he was paying them money to over the better players away from other teams.

We won't go into the unpleasant discussion between Joe and yours truly.

Surely the almighty dollar that seems to rule our lives should not be permitted to infiltrate into the joys and purity of youth.

This is not an isolated incident. It is going on in many places in Canada today.

To combat this disease the Legion has launched its "Operation Fitness." Recently Legion sporting representatives from all provinces met in Ottawa in the first meeting of the Canadian Legion National Sports and Recreation Committee. "Sports for Sports Sake" is the slogan.

The Legion is fully conscious of the terrific amount of physical rejects during the last war. It is aware that among those accepted nearly seventy-five per cent had little or no knowledge of playing organized sports.

Professional sport has its place in our way of life. But when it reaches down and touches the kids, then it is time someone stepped in and took a hand.

The Legion can do this and intends to do so. Last year in Ontario alone the Legion aided more than 10,000 kids in organized sports.

The Legion doesn't give two hoots whether the kids are the children of members or of veterans. The idea is to see that every kid in Canada has a chance to play some kind of sport and live a clean healthy life.

Money will be needed for this. But if governments were wise they would realize that it was money well spent. They would visualize the savings of many millions of dollars in the future. Because a dollar spent today in this direction will mean the saving of hundreds tomorrow in a decrease among inmates of our jails, reformatories and hospitals.

UNDER THE STREETLAMP

Miss Abell (at Sunday School): "It is the duty of every one to make at least one person happy during the week. Did you make anyone happy last week, Wayne?"

Wayne Miner: "Yes, I went to see my Grandmother, and she was happy when I came home."

She wore her stockings inside out All through the summer's heat.

She said it cooled her off to turn The hose upon her feet.

Dave Drummond writes in to tell us the following harrowing tale: "I had a horse, an excellent horse, but I simply couldn't afford to pay for the creature's feed. Having taken a course from the Department of Agriculture on animal nutrition, I figured out a way to save the cost of his food. I started feeding him a bit less each day, and continued until I was giving him exactly nothing for each meal. Then, of all the darned luck, just as I had got him to that point, the fool up and died."

Prisoner: "There goes my hat. Shall I run after it?"

Police Constable Tew: "And not come back! No! You stay here and I'll run after the hat."

An American died and went to Heaven, and promptly boasted about his native land.

"Do you know," he told a group of spirits, "that at Niagara Falls eight billion cubic feet of water flows over the cliffs every second!"

"Fool!" said Noah, scornfully. "Devdrops!"

If teachers and ministers find comic books so disturbing, says Richard West, why don't they stop reading them?

Jack Issard: What about this 'ere universal disarmament, Len?"

Len Roberts: W'y, it's summat like me and my old woman. When there's a bit of shindy brewin' the one vot proposes peace is the one vot ain't got 'old of the poker!"

Classified ads are many things to many people. They are buyers for one and sellers for others. They do big jobs for small costs.

Have you
\$10⁰⁰ in
UNITED STATES
Money?

Existing regulations make it illegal for any Canadian resident to retain in his possession more than \$10 in United States cash.

You are required to turn in to your bank, for exchange into Canadian money, any amount you have in excess of \$10 in United States funds, without delay.

THERE'S A REASON

The reason is that Canada must have the U.S. dollars spent here by tourists, in order to make them available for the payment of imported goods and services needed to keep production and employment at a high level.

Look what's new
in the Goodwin's garden!

Mr. Goodwin's shiny new aluminum wheelbarrow is the envy of the neighbours. Junior is as proud as a peacock of his miniature version. Mrs. Goodwin dotes on her new aluminum trowel . . . and her smart new garden chairs, sitting so invitingly in the shade.

Yes, aluminum is a natural in the garden—so light to handle, so perennially rustproof, so enduring. Little wonder it is finding a lot of interesting new uses—in rakes and brooms, lawnmowers and ladders . . . Little wonder the Goodwin's neighbours are determined that from now on their garden tools are going to be aluminum, too.

It all starts with ingots . . .

Ingots of pure aluminum from the world's largest aluminum smelter at Arvida, Canada, form the raw material for more than a thousand Canadian manufacturers. They turn this versatile metal into an almost endless variety of articles used by the transportation, electrical, construction, packaging and other industries . . . and by you in your own home.

Legion Recalls Vimy At Annual Social

The Strathmore Branch of the Canadian Legion commemorated the "Taking of Vimy Ridge" Tuesday evening, when members of the Ladies Auxiliary were guests of the Legion in a very interesting and well planned entertainment held in the Memorial Hall.

Eight tables of bridge and thirteen of whist were in play during the evening.

Following a moment's silence in

memory of fallen comrades Mr. W. MacKenzie read a poem on "Vimy" written by one who had been there, in which the heart burnings of the men were revealed.

Pres. MacKenzie also reported on efforts to date in recruiting a Reserve Army Group in this district and urged all eligible to go to the Summer Camp to be held in Victoria.

A very amusing skit and parody was put on showing the inside of a Recruiting Office and a recruit in Quartermaster Stores. The skit was well put on by Andy Scott, George Freeman, Orrin Woldum, and Jack Issard.

A quiz contest, conducted by Bill Woodliffe, showed the ladies winners by a score of 5-3. Participants for the ladies were Mrs. Tew, Mrs. Way, Mrs. Boissevain, Mrs. F. Blacore, Mrs. MacKenzie and Mrs. C. Bennett. Members of the Legion were Messrs. MacKenzie, Way, Hinchliffe, Willson, Weyers and J. Keeling.

Mr. Bill Woodliffe together with President "Iain" were Joint Masters of Ceremony and no details were over looked to ensure the success of the evening.

Miss Jean Kermack was given a gift from the Legion in compliment to her representing them as Queen candidate at the recent Carnival.

Prize winners were: Bridge—Ladies high and low—Mrs. Thornton and Mrs. Chas. Bennett; Gents—Mrs. Moore and Miss Hutchings. Whist—Ladies—Mrs. Garrett, Mrs. Boissevain; Gents—Violet Long and Stanley Lugg.

Jimmy May Former Local Teacher Wins Enviably Promotion

Appointment was recently announced of Mr. Jimmy May as New Branch Manager at Regina for the North American Life Association. Mr. May's appointment covers the entire southern part of Saskatchewan.

"Jimmy," as he is well known in Strathmore and district, joined the Calgary Sales staff of the organization in 1941, and was promoted to district manager in Lethbridge in 1946. During his service with the company he has served in many capacities on the Life Under-writers Association. In addition, he has been active in both Calgary and Lethbridge in Junior Chamber of Commerce circles.

Prior to going into the insurance business, Mr. May taught school at Brushy Lake, Baintree, Cluny and Gleichen. He is a son of Mrs. May of Strathmore.

PRODUCING OIL ROYALTIES

Continental Oil Company of Canada Ltd.

TREASURY SHARES AT 50c PER SHARE

BECAUSE OF THE FOLLOWING DIVERSIFIED INTERESTS:

- 1— One producing oil well in Leduc.
- 2— New drilling three more wells in Leduc.
- 3— One producing well in Turner Valley.
- 4— A royalty interest in 96 other producing wells in Turner Valley.
- 5— A quarter interest in a producing well in Lloydminster.

WE SUGGEST that you exchange your royalties to obtain diversification in all the above mentioned wells and in property presently owned by Continental as well as property to be acquired in the near future.

WE BELIEVE that shares have a better future for capital gain than producing oil royalties in individual wells.

For Continental's Information Circular, photographs and maps and for cash purchases of treasury shares, apply to:

SECRETARY-TREASURER'S REPORT, SEASON 1947-8

BUILDING ACCOUNT:	
Cash Payments as per statement	\$5563.42
Material donated	73.75
Labor Donated (187 1/2 Hrs. @ .65c ave.)	1218.40
Trucking & Cartage donated	56.00
TOTAL	6911.57

Our records show that 187 1/2 hours free labor was donated on the building by 78 persons which averaged at .65 cents per hour amounts to \$1218.40. Material and equipment was also donated amounting to \$73.75 and free cartage by local truckers amounting to \$56.00.

I am unable to list all the names of those who gave voluntary work in this brief report but would like to mention that our Pres. Mr. James Harwood put in 228 hours and Mr. Wm. Woodliffe, chairman of our building committee, put in 262 hours. 7 others contributed from 2 to 18 days and local carpenters and painters gave their trade time free-ly. The general response was most gratifying to the Executive.

BUILDING LOAN:
Of the \$4975.00 which was borrowed from the Royal Bank of Canada on the personal notes of members and patrons, ranging from \$50.00 to \$200.00 each, \$1990.00 was repaid during the season from Club funds as shown by the cash statement. This is exactly 40% of the entire loan and means that a \$50.00 note has been reduced to \$30.00, a \$100.00 note to \$60.00, etc.

It is proposed to ask members to renew these notes for the balance owing when they fall due next fall, and to follow the same procedure in making further payments next season. Should any member, however, wish to pay the balance of his note the amount will be credited

to him as a cash donation to the Building Fund.

INSURANCE IN FORCE:
On the building \$8000.00
On equipment 1000.00
Total 9000.00

COFFEE COUNTER:
Special appreciation is due to the Ladies Curling Club for the operation of the coffee counter which netted \$799.77 for our Club, after allowing the Ladies to retain 40% of the net proceeds during the annual and mixed bonspiele.

PRIZES:
Prizes were donated either in goods or cash by nearly all local business men and by a number of private individuals. Prizes were also donated by several large business firms.

GENERAL:
All membership dues for the season have been paid in full and there are no current liabilities other than the balance of the Building Loan in amount \$2985.00 principal. The club is greatly indebted to the Draw Secretary, Mr. Leonard Hill, for the efficient manner in which he conducted the usual draws as well as the bonspiele.

The Annual Meeting of the Curling Club will be held on Monday, April 26 at 8 p.m. in the Curling Rink.

H. C. Wilson, Secretary-Treasurer.

Local News Items

Mr. and Mrs. Lea of Dalmend were Sunday visitors at the Rishon home.

Mrs. Gannon invited a few old time friends of Mrs. W. Mercer Saturday afternoon to enjoy a happy reunion.

Mr. and Mrs. J. E. May and children, and Mrs. Ted May and daughters, all of Calgary, were Sunday guests of Mrs. May Sr. and Mr. Miner.

Mr. and Mrs. Clement and small son of Calgary were guests at Mrs. Scheer's home for the weekend.

Mr. and Mrs. Abell had Calgary visitors Sunday who came down for a pleasant afternoon. Leaving in the early evening for home, unfortunately the party got stranded near the Jackson home. Receiving a phone call, Mr. Abell went to their aid with a tractor and brought the party home with him for the night.

Driving to Gleichen last Friday, roads were so bad, that the Rev. D. A. Ford found it expedient to return by train, picking up his car on Sunday. Sunday he ran into the blizzard at about the thirteen mile corner. Might we draw the inference that the Reverend doesn't live right?

We are sorry to hear that Mrs. Sander is ill at her home. Mrs. Stuckney is in charge. We all wish her a speedy recovery.

Chuck MacLean spent Saturday in Calgary attending an executive meeting of the Alberta Weekly Newspapers.

Mrs. Hattie Thorpe of Dorothy flew in to Strathmore Saturday last, to spend the weekend with her mother, Mrs. Jas. Fonger, and daughter, Elaine, going on Tuesday by plane to Calgary.

A new cook car for the munitionalty is in progress of construction at the lumber yard these days.

Mrs. Crox's home was the happy meeting place for a number of ladies who gathered in honor of the birthday of a number. Including Mrs. George Anderson, Mrs. Fonger, Miss Ruth Scherer. A very enjoyable afternoon was spent.

Mr. Bill Thompson was tied up for a couple of days this week with the flu.

Annette Nilsson is staying with Mrs. Julian in order that she may attend school, until such time as the roads become safe for travel.

Delegates attending the Home & School Convention at Olds, April 20-22, are Rev. A. A. Hamilton, Mrs. L. Hilton from Strathmore, and Provincial delegates. Members of the Strathmore Association are Messrs. M. MacLeod and D. McMurtry.

Mrs. Jessie Kennedy received word last week from the Royal Conservatory of Music, University of Toronto, that her request for a Practical Centre to be established in Strathmore had been granted and an examiner would be sent to examine students in June.

Mrs. Janie Lyons is now recovering after ten days suffering from a severe attack of stomach trouble.

Mr. Frank Jackson celebrated his seventy-eighth birthday on Wednesday.

Used Clothing for the relief of the needy peoples of Europe will be collected in a house-to-house canvass next Monday after school. The drive is under the auspices of St. Michael's Church and the United Church, and will be assisted in by members of the Scouts and Cubs.

How much cash have you in the attic?

COMING EVENTS

Regular clinics for infant and preschool children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

Strathmore the second and fourth Tuesday in each month, Carlsland the second Friday in each month, Standard the third Thursday in each month, Rockyford the third Friday in each month.

The regular meeting of the Ladies Auxiliary to the Legion will be held Tuesday, April 20.

Reserve Tuesday, May 4th, for the High School's dramatics night in the Strathmore Memorial Hall when members of the class will present a farce at 8:15 p.m.

Municipality Makes Trouble for Itself

Trouble for the municipal office brewed up early this week, when the opportunity came to give a helping hand to feed-shorn farm. The opportunity came when a chance to purchase some thirty-five ton of hay was received, and the municipality seized on the chance to lend assistance to stock raisers in the district.

However, word got around so fast that large numbers of orders were placed for the feed, to the extent that more than seventy tons would have been required.

The trouble lay in explaining to all the feeders why they couldn't all get all the feed they wanted. At time of writing, (Wednesday) it had not been decided what policy to pursue.

Thursday's word on the shipment is that it has been cut down to eight tons, because of difficulties in loading it at the supply end.

CHANCELLOR NOTES

Mrs. J. M. Wheatley arrived home this week from England, where the spring flowers were all in bloom, and came back to mountains of snow.

CLASSIFIED ADVERTISING

CLASSIFIED RATES

10 cents per count line, 35 cents minimum if paid in advance, or 45 cents if charged for one insertion. 2 insertions 75 cents, 3 insertions for \$1.00.

DOUBLE the deficiency must be paid by addressee if postage is underpaid. Don't take chances.

One sheet of average, lightweight Air Mail paper, and one lightweight Air Mail envelope, weigh 1/4 ounce or less. The Air Mail rate is 15c per 1/4 ounce to Great Britain, Eire and Europe.

Ask at your local Post Office for rates elsewhere... have letters weighed when in doubt.

Issued by authority of Hon. Ernest Bennett, K.C., M.P., Postmaster General
